# Weekly Oils & Grains Market Report

## Week of 7.27.20

China has been a notable buyer of U.S. soybean products and corn in recent weeks. Crop and product challenges in that country brought on by the heavy rains are contributing to grain supply concerns there. Rapeseed in particular is a concern which could help buoy the oilseed and food oil markets in the near term.

	<b>Market Trend</b>	<b>Supplies</b>	<b>Price vs. Last Year</b>
Soybeans, bushel	Increasing	Good	Higher
Crude Soybean Oil, lb	Decreasing	Ample	Higher
